# TECHNO BRIGHT INDUSTRIES

Dear Sir,

We take this opportunity to introduce ourselves as a team involved in design, manufacturing and implementation of shot blasting, shot peening machine and dust collecting system. The team comprises of personnel having thorough knowledge and expertise in various aspects of these equipments.

Our present activity involves:

**I. Design manufacturing and implementation of various equipments detailed as below:**

Tumblast shot blasting machine 1cft, 2cft, 3cft, & 6cft

Spinner hanger shot blasting machine T type & Y type, Door type, hook capacity 400 kgs to 1 ton

Online conveyor type shot blasting machine.

**II. Design manufacturing of equipments detailed as below:**

Pneumatic type of cabinet's vacuums and pressure cabinet of various sizes.

Portable pressure pots.

Auto and semi auto blasting booth including abrasive recovery system.

Special purpose machines as per job requirement with. Complete material handling system for mass production

**III. Dust collector equipments:**

Dust collector equipments suit above said air & airless shot blast machine in order to overcome air pollution.

**IV. We take special care to design equipments for more production rate with lower energy input, which is very essential, is present comparative atmosphere.**

**V. Supply of spares for all types shot-blasting machine and to sand blasting machine.**

Our Technicians are capable of discharging their service duties to the utmost satisfaction of our valuable customers.

We have well trained team of senior technicians to solve any type of problem related to the above said machine and a well equipped workshop along with testing facilities at our premises; we use only genuine spare parts for replacement.

With experience under our arms, we are fully confident to offer you're a full proof system to meet with your specific requirement.

We now look forward to your further communication on the subject

Thank you and assuming of our best attention all time

Yours truly,

For Techno Bright Industries

C.E.O

# TECHNO BRIGHT INDUSTRIES

From  
CEO'S Desk

## PROFILE

TechnoBright industries (TBI) with more than a decade of expertise in manufacture of custom built equipment for Blast cleaning, shot peening systems and its accessories. Technobright's creative team with its know-how and sophisticated technology spared no effort to produce the best in Blast cleaning shot peening systems and accessories right from 2 Cft to 6 Cft Tumblast Shot blasting Machines, Door Mounted Spinner Hanger Machines, "T" type Hanger Shot Blasting machine, 2 wheel "Y" type Hanger Machine, 2 wheel Monorail spinner Hanger Machine, online conveyor machine, Roller conveyor type machine, Swing Table type Machine etc. All in shortest possible time according to specific needs of customers. Our machineries and comprehensive accessories of shot blasting machines are renowned for their impeccable quality. Extensive tests and regular checks on all products and materials manufactured guarantees the highest quality standards for you, the customers

Techno bright industries is one of the most modern blast equipment manufacturing systems guaranteeing in the treatment of

Iron

Steel

Non ferrous castings

Hot/cold press forged components

Heat treated work Many other applications.

## Quality and service

An efficient after sales service and a readily available stock of spare parts are available at our stores.

An extensive of spare parts covering all the above specified type shot blasting machines are available and a team of qualified maintenance personnel's ensure our after sales service are reliable and successful.

TBI has got its specialized service point for the reconditioning of all types of said Blasting machines, and also it's well versed in retrofitting the assemblies.

Complete customer satisfaction is the aim of TBI and it pursues a policy environmental standards.

# TECHNO BRIGHT INDUSTRIES

Art Of Blasting excellence

# Fine Blast to Finish

The most modern Blast equipment manufacturing company incorporate systems guaranteeing in the treatment of

Iron  
Steel  
Non ferrous castings

Design manufacturing and implementation of various equipments detailed as below:

Tumblast shot blasting machine 2cft, 3cft, 5cft, & 7 cft Spinner hanger shot blasting machine T type & Y type, Door type, hook capacity 400 kgs to 1 ton Online conveyor type shot blasting machine.
